- About 4 hours of focused work per day (approx. 16 hours total)
- Participation in online briefings before and after the festival
- Flexible presence on-site to catch spontaneous moments
- Close coordination with the production team

What We Offer

- Access to all classes and events when you're not on shift
- A Full Festival Pass for a greatly reduced price
- One free meal (lunch) on the day of your choice
- Festival Team T-shirt
- A room to rest and store your belongings
- Signal group to stay connected with the team
- Lots of experience, community, and fun!

Possible Tasks

- Create Instagram content during the festival
- Follow the existing style guide
- Structure content in categories
- Capture photos, videos, and participant voices (with consent)
- Maintain our values of awareness, inclusion, and respect in all posts
- Moderate comments to ensure a safe and welcoming online space

You're a great fit if you ...

- have experience creating content for Instagram
- love capturing authentic stories
- share our inclusive approach
- are flexible, proactive, and good at moving with the festival flow
